*Retreat into the serenity of nature.  
Land, restore & connect...*

We all need a place to land. A place to consciously breathe. A soft space where we can take the time to bring balance to our lives, to notice the subtleties of our bodies, minds, and spirits. A landing that provides us the time to appreciate the beauty of what lies within us and bridge us towards the spectacular nature of everything around us.

For many of us, we have such landing spaces in our home environments. **But, sometimes we need a true retreat;** a chance to come upon an open landing, with little reminiscence of our every day lives, where we can land, restore and connect with ourselves and all the magic life offers.

This *need* is why the owners of **Hacienda del Secreto** chose to build **The Butterfly Landing Yoga and Wellness Studio** in the fall of 2016. An artfully crafted addition to the Boutique Resort of HDS, the Butterfly Landing is the most ideal location for your next wellness retreat! Just imagine, uniting together under a thatched roof, with sweeping views of the Caribbean Sea, her breeze harmonizing with the sounds of our Riviera Maya's vibrant green jungle, all while being pampered by an attentive staff in the privacy of our secluded resort... Sounds magical, right? Well, it is!

Home to the Butterfly Landing, Hacienda del Secreto is a Boutique Resort consisting of 6 luxury 2-3 story private villas, tucked away on the beach of Playa del Secreto. Our villas were each individually designed to bring you a luxurious experience during your retreat vacation, yet all the advantages and comforts of staying in your own private home. That is why you will find that every individual room inside each villa of HDS offers spaciousness, ensuite bathrooms and endless views of our Caribbean paradise. In addition, every villa has outdoor living areas, fully equipped kitchens, a private pool and some include jacuzzis. You can also expect:
